# SUN 25 OCT

**12.30 – 2PM FEMINISM IN LONDON:  
SISTERS OF FRIDA'S DISABLED WOMEN'S PANEL**

**Multiple Identities: ordinary lives:**

**The challenges of being disabled and feminist**

Disabled women's rights are human rights! Disability can be physical, mental, neurological, hidden or visible. This panel will look at activism through the prism of disability and feminism and seek to explore further the intersection and challenges of being between the two and the capacity of the two movements to work for change.
